

Lekan Jimoh

FULL STACK WEB DEVELOPER

Front-end web developer and open-source enthusiast with a love for clean code and accessible design. Pair-programming and remote work aficionado. Fluent in the English language, frameworks, and technologies, and capable of ramping up quickly and efficiently.

EDUCATION

MICROVERSE, February 2022– October 2022.

Remote Full Stack Web Development Program, Full Time.

- Spent 1300+ hours mastering algorithms, data structures, and full-stack development while simultaneously developing projects with Ruby, Rails, JavaScript, React, and Redux.
- Developed skills in remote pair-programming using GitHub, industry-standard git-flow, and daily standups to communicate and collaborate with international remote developers.

Lagos State University, November 2016– May 2021.

B.sc, Computer Science.

- Developed skills in Algorithms, and time complexity and studied the theoretical and practical development and implementation of databases.

EXPERIENCE

MICROVERSE, Remote

Mentor (Volunteer), March 2022– Present.

- Mentored junior web developers, providing technical support through code reviews.
- Proposed improvements to code organization to improve code quality and overall performance.
- Provided advice and tips on how to maintain motivation to maintain longevity in the program.

LASU Career Development Centre, Lagos, Nigeria.

Intern Web developer, September 2019 – February 2020

- Built a website to help improve students' interactions with the career center.
- Planned and executed refactoring iterations to keep code in a good shape for a fast-paced movement.
- Collaborated with UI designers, providing direction on the viability of proposed designs.
